FOUNDATION + UTILITY PLANNING REFERENCE

Product planning reference - not construction drawing

SELECTED LAYOUT / GEOMETRY RETAINED

Source plan geometry retained. Diagram is not a scaled setting-out drawing.

EXTERIOR L X W

37.40 x 10.83 ft

EXTERIOR HEIGHT

3300 mm (current confirmed basis)

REFERENCE UNIT WEIGHT

19,842 lb

SITE COORDINATION

ELECTRICAL

Coordinate the incoming supply and distribution-panel entry with the approved unit drawing.

WATER / WASTE

Kitchen/sink and bathroom fixtures are shown. Coordinate water and waste collection to the delivered unit interfaces.

STRUCTURAL DESIGN INPUTS

Use the delivered unit support/reaction schedule, site geotechnical information and local design loads to develop the foundation and anchorage. Support points, anchor details and utility entry coordinates are not assigned by this floor plan.

FUNCTIONAL FACILITIES INDEX

Open sleeping area; enclosed bathroom; kitchen, living area and service bay.

Symbols describe the selected layout. They do not establish appliance or loose-furniture inclusion.
